Vulcan Student Is Winner In Time Magazine Contest

Philip Washburn of Vulcan High School, Vulcan, has been named a winner in the 23rd annual Time Magazine Current Affairs Test.

The test, given this year to more than 110,000 college and high school students in the U.S. and Canada, consists of 105 questions on national and foreign affairs. Included are such categories as business, sports, entertainment, science, religion, literature, journalism and education.

Top scorers in each of the more than 2,000 classes taking the Time test receive an inscribed certificate from The Weekly Newsmagazine and have a choice of either a world globe or a book from a specially selected list.

Prepared by Time Senior Editor James Keogh and distributed by Time's Education Department, the test has been taken by more than 3,000,000 students since its inception 23 years ago.

Roger Roebucks Honored at Shower

About 55 friends attended a community shower at the Kirkcaldy Hall on Friday evening to honor Mr. and Mrs. Roger Roebuck.

Bridge and whist were played prior to the presentation of the gifts to the guests of honor by Mrs. Bob Middleton. Whist prizes were won by Mrs. Harry Peters, Mrs. Cameron Middleton (gent) for high honors; Miss Nettie Ware, Alex Whiteside for consolation. Bridge honors were won by Mrs. Max Jesse and Mr. Macdonald, low prize by Mrs. Otto Hagg and Walter Mix.

The guests of honor assisted by the groom's mother, Mrs. Harry Roebuck, unwrapped the gifts, after which thanks and appreciation were extended to their friends. A lovely lunch was served by the hostess, Mrs. Bob Middleton and Mrs. Russell Robbie.

Heart Operation Successful

THREE-YEAR-OLD DEBBIE KEHRER (above), born with a hole in her heart, is making a good recovery from an operation recently performed at the University Hospital, Edmonton, to correct the condition. The operation is thought to have been completely successful and little Debbie has been transferred to the children's ward at the hospital and is now able to be up. She is the daughter of Mr. and Mrs. Max Kehrer of the Vulcan district. A benefit drive, led by two town and district ladies' organizations, raised over \$800 to help pay operation and hospital expenses for the little girl.

County C.D. Organization To Participate In Exercise

The County of Vulcan Civil Defence Organization will actively participate with Alberta Civil Defence and 19 other municipal Civil Defence organizations in the Canada-wide Exercise "Co-operation III", 24th and 25th April.

The exercise is designed to train control centre staffs at all levels of government in Civil Defence functions, including the method of co-operation with the armed services. It will also test communications and warning system procedures on a provincial and national scale.

William Shields, Director of Civil Defence for the County of Vulcan, will be in charge of operations.

The exercise will begin at 9:00 a.m., April 24-25, and will conclude at 9:00 a.m. on the 25th. Although no action will be taken outside control centres, the control room staffs will face problems identical to those which would result from an H-bomb attack.

Edmonton is the only federally designated target area in Alberta, but because of the province's strategic position there is the constant danger of random H-bomb bursts from shot-down and ditched aircraft.

Radioactive fallout from an H-bomb explosion presents a problem for civil defence workers almost as serious as the explosion itself. Fallout will extend downwind from the burst to cover an area 200 miles long and 50 miles wide. The farthest corner of Alberta is vulnerable to fallout, and random bombs.

Extensive training of civil defence personnel has preceded the exercise. More than 180 Civil Servants and municipal volunteers have recently completed Control Room Procedure Courses at the Alberta Civil Defence School in Edmonton.

After much discussion the following awards were made: 3 firsts: Sylvia Graham, Jackie Metcalf and Billie Horne; 3 seconds: Janet Drummond, Stuart Galbraith and Donald Dumka; 3 thirds: Ila Peters, Frances Burchak and Laurie McLennan.

R. L. Jamison, secretary of the Library Board, at a later date presented the prizes to the winners, in their own room at the school. The public may view this excellent display of Grade 3 A's work in the down town section of Vulcan.

Canadian Western Plans To Provide Natural Gas Service Here This Year

Natural gas service for the town of Vulcan will be provided this year if franchise arrangements can be completed in time, Harry M. Hunter, general manager of Canadian Western Natural Gas Company Limited, said last week in a special news release to The Advocate, received too late for last week's issue.

Mr. Hunter made this announcement when asked for comment on the action of shareholders of Central Gas Utilities Limited in voting April 8, in favor of accepting an offer made by Canadian Western for the Vulcan plant and distribution system. Reports indicated this would amount to about \$110,000.

The sale must first be approved by the Board of Public Utility Commissioners before it can become effective.

Canadian Western, Mr. Hunter said, already has announced plans to build a line to serve Barons, Carman-gay and Champion, by a connection with the Alberta Gas Trunk Line Company's line from Pincher Creek.

Vulcan would be served by a 12-mile extension of Canadian Western's line to Champion, Mr. Hunter said.

Including Vulcan, the company would build a 43-mile transmission line, and the necessary distribution mains, to serve about 900 customers in three communities. Total cost of the project is about \$900,000.

Mr. Hunter said discussion had been proceeding since it became known that a supply of gas for the town of Vulcan could be made available by Trans-Canada Pipe Lines Limited from the facilities of Alberta Gas Trunk Line.

Negotiations began in April, 1958 for the purchase of the distribution plant of Central Gas. It appears that these negotiations now will be successfully concluded, Mr. Hunter said.

Vulcan will continue to be served with propane until such time as the natural gas transmission line is completed, when the town will be switched over to natural gas.

Work cannot proceed until the franchise has been approved by the town council, the Board of Public Utility Commissioners, and the ratepayers of Vulcan; and a pipeline permit obtained for the transmission line.

Central Gas Meeting
The special meeting of Central Gas Utilities shareholders on April 8, was held to vote on a resolution calling for the sale of the assets of Central Gas (Vulcan) to Canadian Western.

According to the Calgary Herald report of the meeting, votes representing 197,171 shares were cast in favor of the sale (previously recommended by Central's board of directors) and 161,049 shares were voted against the sale. A little over one-half of the eligible votes were present.

International Utilities Ltd., main shareholder in Canadian Western Natural Gas, cast 163,968 of the 197,171 votes in favor of the sale. International is also a large shareholder in Central Gas Utilities.

Following the vote, Harry Edelson, a director and also a large shareholder in Central Gas went on record as objecting to the val-

Less than one Canadian in every three was reading a book at the time of the last survey by the Gallup Organization.

This is not a situation of which we can be proud; nor is the fact that only 61 per cent of our citizens have ready access to public library service, according to the most recent government survey.

Our reading record, by almost any yardstick, seems to be about the worst among western nations, save for the United States.

Whatever the reasons for this dismal picture, we are fortunate that a movie is underway to change it. Our first Canadian Library Week is being observed from April 12 to 18. This week is actually the finishing touch to a two-month, nation-wide, "Wake Up and Read" campaign to encourage more reading of all kinds by Canadians.

It is good to see public-spirited men and women from many fields, tackling this problem in a practical way. For the question of reading should not be left entirely to librarians and educators. It is something with which every one of us should be concerned.

The key to our democratic method of government is an informed public. Such a state will remain but a dream if only 15 per cent of Canadians over six years borrow books from their public library (another government survey finding).

This is not nearly good enough for a country that is more than 95 per cent literate, has more leisure time and a larger national income than ever before.

The Canadian Library Week program should remind us of the relationship between reading and knowledge and our traditions of freedom. It should help re-kindle an interest in those of us who have lost touch with books; to open the way to new, worthwhile experience for others who have neglected the reading habit.

Canadian Library Week is drawing support from leading citizens in business and industry, libraries and publishing houses, newspapers, radio-TV, the educational and other fields.

But it deserves—and needs—the full support and active interest of all of us.

Tube Painting Is Demonstrated

The April meeting of the Reid Hill WI was held at the home of Mrs. Frieda McRoberts, with Mrs. L. Healy, Mrs. R. Healy and Mrs. K. Healy assisting.

Fourteen members and four visitors answered the roll call with "My Worst Faux Pas", which proved to be hilariously funny, in retrospect.

Mrs. Earl Deal presided and was assisted by the secretary, Mrs. Fred Schuler. Correspondence was largely routine, with one letter of special interest, that dealt with the issuing of a stamp to commemorate the founding of the Women's Institute. All members were most interested and many ordered the First Day Cover.

Mrs. C. Love, who had attended the District Conference at Lethbridge as delegate from the branch gave a most comprehensive and interesting report, which was much appreciated by all.

At the conclusion of the business session Mrs. W. Burgess, who had kindly agreed to do a demonstration on "Tube Painting" was introduced to the meeting. Mrs. Burgess showed much of the beautiful colored fancy work she had done on linens, glass-ware and in fact on nearly any hard surfaced object. She proved to be most talented and ably demonstrated how anyone could, in a short time, have daintily decorated household or personal items. Several of the ladies availed themselves of the opportunity to try their hand at the highly interesting craft. Mrs. Burgess undertook to teach anyone who wished to learn how to use the oil painting, at any time. She was given a hearty vote of thanks.

Birthday remembrances were presented to Mrs. C. L. Kuykendall and to Mrs. E. G. McPherson, whose birthdays occur this month. The tea draw was won by Mrs. J. C. MacMillan after which a delicious hot lunch was served by the hostesses.

Following this the retiring president, Mrs. Charles Budd, conducted the regular business meeting. Mrs. C. Deal, Mrs. E. McIntyre and Mrs. E. Lebsack served a very delicious lunch.

At an executive meeting held at the home of the new president, the following secretaries were appointed: Secretary of Missionary education for children, Mrs. D. Schierman; secretary of Missionary education, Mrs. C. Budd; secretary of Missionary education for Youth, Mrs. J. Schierman; secretary of Spiritual Life, Mrs. A. Schierman and secretary of Christian social relations, Mrs. W. Becker.

It was also decided that this year the Secret Pals will be revealed by signed and sealed cards at the next regular meeting which will be held at the home of Mrs. J. Schierman with Mrs. G. F. Wuerfel in charge of devotions.

New School For Retarded Children

The Dorothy Gooder School for Retarded Children, officially opened at Lethbridge early this month, was named in honor of Mrs. Dorothy Gooder of that city, the daughter of Mr. and Mrs. C. Otwell of Vulcan.

Mrs. Gooder is well known in the southern city for spear-heading the organization of the Lethbridge and District Association for Retarded Children and for her work with these handicapped youngsters.

The new, eight-roomed school is fully modern in every respect.

Cottonwood Club

The Cottonwood Good Deeds Club held their regular meeting on April 19, at the home of Marcella Steiner. Fifteen members were present.

Roll call was answered by a dolly exchange. Plans were made for a tea and bazaar to be held at Red Cross School on June 10. Following the meeting everyone enjoyed a contest of unscrambling letters to form the names of flowers.

A lovely lunch was served by the hostess, Elaine Hall, Fay McNiven, Mary McNiven and May Springer. The next meeting will be held at the home of Mary Ruark.

Graduates As Nurse

A resident of Vulcan until moving to Edmonton, Miss Terlene McAfee (above) was a member of the recent graduating class of the Royal Alexandra Hospital School of Nursing at Edmonton. She is the daughter of Mrs. Mamie McAfee, now of 1020, 121st Street, Edmonton, and the late D. A. McAfee.

HOW FERTILIZER BOOSTS YOUR PROFIT ON WHEAT

YOU CAN MAKE UP TO \$8.00 PER ACRE MORE!

Actual field tests show how your net profit per acre of summerfallow wheat is boosted by the use of Elephant Brand Fertilizer.

In the table below, note that the increased profit figure takes the cost of fertilizer into consideration. An increased profit of over \$8.00 per acre is certainly worthwhile.

Fertilizer per acre	50 lb. 11-48-0 (Cost \$2.70)*
Increased yield per acre	9 bu. (worth \$10.80)
YOUR INCREASED PROFIT PER ACRE	\$8.10
OR \$810.00 ON 100 ACRES OF WHEAT	

* Fertilizer cost figures per acre are approximate.

When properly fertilized, wheat grown on stubble land will show an equally profitable return per acre. For greater net profit per acre from any crop on any soil, contact your Elephant Brand dealer listed below for the right information.

This minister of health and welfare insists on—
The large economy size

Mother, as the family minister of health and welfare, knows the value of vitamins. She also knows that they cost money. So she has an eagle eye for the large economy size in vitamins, and many other things, when she shops. This way she keeps the family budget in line.

The Minister of Health and Welfare at Ottawa has a budget too. He uses it to pay for various important services. Among these are Family Allowances and Old Age Benefits.

Money for the Minister of Health and Welfare's budget comes through the Minister of Finance. This is true of other departments also.

It's no secret how the Minister of Finance obtains this money. He gets it largely in taxes from millions of Canadians like you. If he spends more than he gets from you, he must turn around and borrow from you the amount he has overspent . . . or else create new money.

The creation of new money is one factor that leads to inflation — when the dollar buys less and less. So, as a thrifty Canadian, you are wise to ask government only for those services you are willing to pay for . . . with taxes.

Personally, you try to pay as you go, to live within your income. It is important that government try to do the same thing.

You want to live well now and to realize all your ambitions for the best possible future. That future is tied up with a sound dollar — a dollar whose purchasing power you can depend on.

Congratulations to Mr. and Mrs. Len Fraser on the birth of a daughter on Thursday, April 9, in the new hospital. Mrs. Fraser and daughter will receive gifts donated by the business men and organizations of the district.

After a short business meeting, the speakers for the evening were introduced by Don Yeomans, principal. The speakers were Mr. Silletto from the Junior College, Lethbridge and Mr. Mitchell, representative of the Senior Chamber of Commerce.

Mr. Silletto spoke on the courses that may be taken at the Junior College. He also spoke on what he would expect of a student who was applying for a job and how necessary it was to have your high school as it was there where you receive your qualifications.

The honor roll went to Mr. Yeoman's room. Those on the lunch committee for May are Mrs. J. Letal, Mrs. K. Coombs, Miss E. Underdahl, Mrs. J. Burke and Gordon Prusky.

It was announced that the executive meeting will be held on May 4.

Fashion Show

The very popular "Easter Parade" was the theme chosen to set the mood for the fourth annual fashion show, sponsored by the Evening WA, in the Carmangay Hall, on Saturday afternoon.

As Mrs. Joy Laczko sang the theme song, five couples of enchanting pre-school boys and girls dressed in their Easter bonnets and finery lead the parade down the street in front of the artistic backdrop of building front. Next came the capable models to show a

variety of lovely clothes from the Carmangay Betty Shop, and their selections included cottons of every style and color, sports clothes, suits, two-piece dresses, coats and better dresses.

With soft recorded music as a background, Mrs. Kenneth Miller in a very interesting and pleasing manner commented on each costume as it appeared and drew attention to materials, styles and other note worthy details.

Models for the parade were: Mrs. Vilas Teskey; Mrs. Alvie Budd, Barons; Mrs. James Minty, Mrs. Bert Ohler, Vulcan; Mrs. Ernie Collier, Mrs. Haakon Anderson and Mrs. John West in the women's division. Miss Janette Anderson and Miss Myrna Clark in the teen section. Cheryl Church and Sharon Clark in the sub-teen section, and the little girls' dresses were shown by Leslie Johnson and Patricia Hubka. The hair styles were compliments of the management and staff of the La Rue Beauty Parlor.

During the intermission, dresses that might have been worn in Easter Parades of Ireland, Hungary, Hawaii or Mexico, were modelled by Judy Bodie, Coleen Coe, Myrna Clark, Mrs. Teskey and Mrs. West. A unique wedding gown of the early 1900's was modelled by Mrs. Bob Hubka who even wore the bride's shoes.

The afternoon was concluded by a delicious lunch served on tables decorated with fresh spring flowers.

Ye are the salt of the earth.

—Matthew 5:13

The one value of salt is aseptic. In the presence of the fact of corruption, it prevents its spread. Salt never changes corruption into incorruption; it has no power to do so, but it prevents it spreading; moreover it reveals soundness and creates the opportunity for its continuance. Salt takes hold of that which is not yet corrupt, and prevents it becoming corrupted; it holds back the corrupting forces and creates the opportunity for the exercise of goodness.

Be thou an example of the believer, in word, in conversation, in charity, in spirit, in faith, in purity.
